For a total indebtedness of Rs ~~14,04,000~~ 34,79,575 applications have been received by the S.L.O only for a loan of Rs ~~52,710~~ 1,33,575, which works out to 1/26 of the total indebtedness.

In 9 villages there were no applications at all & the S.L.O says that all the cases are beyond the scope of the special rules for the relief of indebtedness. Very perfunctory and little information.
I gather during my tour that Special Loans Officers are under the impression that they could not submit reports in village conditions until they had completed every single one that had come upon them. This is the nature an interpretation of what is intended. Reports can be sent any time after the Officer has gathered sufficient information and this might be made clear
